

# Introduction :

Welcome! I am so glad you are here. I am excited to share with you some of the techniques I use to draw and some of the tools I love to use regularly in my practice. Sometimes the most intimidating part of the creative process is knowing what to create and where to begin. If this is you, my hope is that this guide will give you a starting point to do just that-begin!

"Creativity is  
intelligence having  
fun"

-Albert Einstein
